# ORGANISATIONAL NEWSLETTER

Vistrit Pravas, Himachal Pradesh  
3 and 4 May 2017

**Organisational  
unity is  
BJP's Strength**

On the occasion of Pandit Deendayal Upadhyaya centenary year a schedule of countrywide visits and programmes has been put in place for BJP national president Shri Amit Shah. Under the extended tour programme – Vistrit Pravas – BJP national president Shri Amit Shah visited Himachal Pradesh on 3rd and 4th May 2017. During these two days Shri Shah interacted with workers and office bearers from the district and state levels, addressed intellectuals and eminent citizens, met family members of martyrs and honoured the father of a widely revered young martyr and also held meetings of the party’s departments and special projects. In terms of the party organisation in Himachal Pradesh this visit was particularly useful.

**B** JP national president Shri Amit Shah was recently on a two-day tour of Himachal Pradesh in connection with the Pandit Deendayal Upadhyaya Vistarak Yojana. The meetings, events, and activities conducted in his presence have energised the state organisation. Quite apart from boosting the morale of the cadre, it was a good occasion to propagate and disseminate the party's ideology and agenda. The trip yielded multiple positive results.

- On the very first day of the tour, Shri Shah met up with all district level office bearers and workers of the state unit. That such a meeting would instill confidence among the lowest rungs of the cadre was only expected. Judged by the reactions, a new sense of purpose was visible among the attendees. It was seen as a highly positive signal.
- A sizeable section of Himachal Pradesh's populace serving with the country's armed forces could not cast their vote in the last assembly poll. Shri Shah instructed the party's state election department to facilitate the casting of their franchise in the future and to ensure that their interests were looked after.
- In Himachal Pradesh, the BSP has been continuously losing ground and the central government under the leadership of Prime Minister Shri Narendra Modi has successfully implemented welfare schemes and projects for the dalits and poorer sections of society thus earning their support and goodwill. Taking this scenario into consideration BJP national president asked party workers and leaders to further extend the party organisation and the policies of the central government among the dalits and spoke on the need to further strengthen the peoples' support.
- Shri Shah directed the state unit to collect and collate old photographs and biographical material on great local personalities instrumental in spreading the party's cause in the state. A glimpse into their lives, he said, would inspire the cadre and strengthen their commitment to the party's cause and ideals.
- Himachal, said Shri Shah in his address to the intelligentsia, was a land of the brave. The state had regularly, over the decades, sent its sons to defend the nation's borders. The Modi regime, on its part, had fulfilled the Army's long overdue demand of One Rank One Pension (OROP). He said he was only too well aware of the sacrifices made by the state's citizens in the defense of the country.
- In one particular function, the BJP national president commended the father of martyr Captain Saurabh Kalia. Such a gesture made out of a genuine sense of tribute and of nationalism has been appreciated by the personnel of the armed forces and their families.
- Under the 13th Finance Commission, Himachal Pradesh's share in the allocation of resources was Rs 11,131 crore. The Modi government had scaled it up to a whopping Rs 28,225 crore. Again, under the UPA regime, Himachal Pradesh used to get a revenue deficit grant of Rs 7,889 crore which the Modi regime has multiplied nearly six times to Rs 40,625 crore.
- Shri Shah repeatedly stressed the need for organisational unity during his talk with party workers. Only a selfless approach to work would pay dividends in the long run, he said. The message went down well among the cadres.
- As reiterated earlier, the initiatives taken by Shri Shah through the Ajeewan Sahayog Nidhi to render the party's day-to-day operations more transparent has motivated lakhs of party workers. This would further buttress the BJP's reputation of being "a party with a difference".

## Ajeevan Sahayog Nidhi

The core values of the Bharatiya Janata Party (BJP) are inherent and implicit in the precept, “Party with a difference”. The BJP is, amid the clutch of parties lacking in inner democracy and transparency, an exemplar of organisational unity and discipline. Transparency necessarily depends on how the party treasury is run and funds handled. The BJP has proved itself well above board in every aspect of fiscal probity right since its foundation. In the process it has lived up to the high standards of uprightness and openness advocated by Pandit Deendayal Upadhyaya. It continues to follow his guidelines. To ensure that the funds collected by dint of the hard work put in by workers, a separate Ajeevan Sahayog Nidhi department has been created as a key wing of the party. During his tour of Himachal Pradesh, the BJP’s national president, Shri Amit Shah, specifically said that the Ajeevan Sahayog Nidhi was the cornerstone of the party’s treasury.

- Creation of the Ajeevan Sahayog Nidhi as a standalone department of the BJP represents the highest yardstick of probity and fiscal discipline within political parties;
- To strengthen the working of its treasury, the BJP is determined to bring Ajeevan Sahyog Nidhi to the mainstream by streamlining its function;
- The overall purpose of the Ajeevan Sahayog Nidhi is to ensure that every state unit of the party is run solely on the strength of the funds collected by its workers in a transparent manner;
- The Sahayog Nidhi has been created to fix goals, ensure accountability and fix responsibility at every level of the party’s functioning from the divisional to the district level in every state;
- The sole criteria for fixing five-year targets under the Sahayog Nidhi at the divisional and district level of party units should be whether their expenses can be met from the interest received from the collections;
- Funds received under Aajeevan Sahayog Nidhi should be through the medium of bank cheques. The BJP regime at the Centre has lived up to the highest standards of financial prudence and probity by supporting political donations above Rs 2000/ by cheque alone.

### The Views of Shri Amit Shah on Ajeevan Sahayog Nidhi

The ambit of the party’s activities for the next five years will necessarily depend on how strong the Ajeevan Sahayog Nidhi department can be made. The BJP is committed on the Fund’s transparency. Only when the purest blood is made to flow through the arteries of a political party can its ideal of being taint free be realised amidst a surrounding of contamination.

**“The biggest achievement of the Narendra Modi led BJP regime at the Centre is the implementation of the One Rank One Pension (OROP) scheme. This has benefitted the brave soldiers of Himachal Pradesh.”**

### **Salient Points of Shri Amit Shah’s speeches during his Himachal Pradesh Pravas**

Today I want to make a simple appeal to the Himachal Pradesh government: In case the funds given by Modi ji for the state’s development are not used for the intended purpose, the BJP has every intention to use them for the very objective for which they were disbursed

.....

In my entire public life in politics I have never seen a case of corruption where a chief minister moves around with the charges glued to his chest as a badge of honour and refuses to leave his chair.

.....

The Congress regime in Himachal Pradesh is surrounded by criminals and unscrupulous elements seeped in graft and indolence. It is also under the stranglehold of the forest mafia.

.....

The Congress is worried about the future of its own Gen-Next while Prime Minister Narendra Modi’s principal concern is the future of the country’s next generation.

.....

I am the head of such a party where thousands of workers do not have a family of their own. This need is fulfilled by fellow workers who are as good as family. It is on the foundation of their sacrifices that the party’s organisational growth, strength and unity has been built.

.....

If there is one party which functions strictly according to norms and rules, it is the BJP, and only the BJP. If a party cannot work in consonance with certain basic standards and yardsticks, it can never have the right goal. And if a party lacks a clear goal, the country’s economic development will necessarily remain a mirage.

.....

Our agenda and thinking is not limited to the nation’s economic development, but its emergence as a world power and guru. Which is why we are working very hard.
