3.50 Leaves for Delhi

Give Stability to Electoral Successes

Under the pan India extended organizational visit program, BJP National President Shri Amit Shah was in Haryana from 2nd to 4th August 2017. Because of the meetings, programs and activities in the presence of Shri Shah, the Party has significantly benefited on organizational front and also in spreading its ideology. He gave the mantra to workers to publicize the policies of the State and Central Government widely. The Party is considering this three-day organizational visit to have been successful in the following context:

- On several occasions Shri Shah said that because of the Party's popularity of Prime Minister Modi and in spite of the weak electoral history in the state, the Party has got huge victory in last two elections and it is, therefore, the responsibility of the Party to maintain the electoral success in future as well. The National President said that it can be achieved only through sustainable work by the Government and also by strengthening the organization. Shri Shah emphasized the need to strengthen the Party among local workers who have the potential to achieve far-reaching results.
- In addition to good governance and expansion of the organization, BJP National President has instructed leaders and workers to make special efforts in such areas where BJP failed to garner the desired support in the last two elections. In order to connect with the Dalit society under the social outreach effort of the Party, Shri Shah has set a target of including at least 20 Dalit activists to each booth committee. He also exhorted to spread the influence of the party in the rural areas of the state and to effectively promote the work done by the Government in farmers' welfare. With both these projects, the Party will definitely get the benefit of adding new support bases to the Party.
- While imparting training to full time 'Vistaraks' under the Pt. Deendayal Upadhyaya Vistarak Yojana, Shri Shah told the 'Vistaraks' that the ultimate goal for the expansion and electoral success of the Party is to make Bharat Mata 'Vishwa Guru'. This emotional appeal of the BJP National President has inspired the 'Vistaraks' to work with patriotism, keeping aside narrow political rivalry, which is a very positive sign for the Party.
- Holding separate meetings with the Party Fronts, Departments and Projects on the expansion of the organization, BJP National President instructed them to finish the work of organizational expansion by September 30. The National President, while observing the functions of various wings of the party, fixed time bound goals for them so that it fetches far-reaching results in strengthening the Party.
- Referring to the increase in the amount given by the Central Government to the State which is Rs. 34,409 crores (from Rs. 22,914 crores to Rs. 57,323 crores), Shri Shah said that the Central Government is committed to the development of Haryana. BJP National President also highlighted the work of the State Government, and mentioned the benefits that the State availed by central schemes like Ujjwala Yojana, Mudra Yojana, Beti Bachao Beti Padhao Yojana and Swachh Bharat Abhiyan etc. Shri Shah said that Haryana comes under the category of developed states of the country but here too, a large section of poor population exists. So, the State Government will have to work keeping these classes in their focus. This statement of Shri Shah has given a very positive message among the poor, backward and Dalit sections of the State.
- Some sections of media and opposition parties were constantly spreading rumor about the change in the State leadership. Shri Shah, during his stay in Chandigarh last month and also this time, by expressing clear confidence in the leadership of Chief Minister during his 'Rohtak Pravas' put an end to all such mischiefs, which will give the State leadership an opportunity to work with stability.

District Office Building Project

The Bharatiya Janata Party is now a National Party having its presence in every part of the country. For a political party to be organized in a systematic and planned manner, a permanent office is a compulsory requirement. The Bharatiya Janata Party has no office of its own in all the districts. Understanding this basic need, the Party has identified the goal of constructing District Offices through the 'District Office Building Project'. It is, therefore, necessary that in every district of every State the Bharatiya Janata Party will have an office of its own. Under this project, responsibilities have been given after taking all necessary measures in consideration, so that the party can achieve this goal within the stipulated time.

- Work under the project is to be done with a goal that the Bharatiya Janata Party gets its own (with ownership) office in every administrative district of the country.
- The Project works on certain plans for office building construction in accordance with the rules laid down for urban and rural areas. It is the responsibility of this project to evaluate the importance of the location and to determine the targets for building offices.
- It has been decided that some assistance will also be provided by the Central unit for the construction of these district offices.
- It is the obligation of this project to ensure that along with the construction of the office, it should be equipped with all modern facilities. All the facilities should be available in order to ensure smooth functioning of the system.
- Under the supervision of District Office Building Project, a team would be set up at the state level, which would maintain details regarding the progress of the district office construction work.

Shri Amit Shah's views on District Office Building Project

An office is an important unit for the smooth functioning of any organization. Offices have a special role for imparting stability to the tradition of organizational meetings in the BJP. In order to bring uniformity in the functioning of the Party from central level to district level, the party has created an ambitious plan for constructing offices in all the districts of the country. The responsibility of this work has been given to the District Office Building Project.

“ I believe that under the guidance of Prime Minister Shri Narendra Modi and under the leadership of Shri Manoharlal Khattar, Haryana will write a new story of development and will position itself as a developed state. ”

The BJP Government of Haryana is not just the government of certain families or party workers but of each and every individuals of Haryana. We have worked to change the politics of Haryana under the able leadership of Shri Manoharlal Khattar.

In the 13th Finance Commission, the UPA Government led by Congress allocated only Rs 14,937 crores for Haryana under the tax sharing scheme, while the Modi Government in the 14th Finance Commission allocated a sum of Rs 42,847 crores and also doubled the Grant-in-Aids.

In comparison to the 13th Finance Commission of the UPA Government, the Modi Government has provided about two and a half times more financial assistance to Haryana in the 14th Finance Commission.

Haryana has been given Rs. 19,000 crores for the Central Schemes and Rs. 14,200 Crores for the Discoms, in this way, during last three years, the Modi Government has provided an additional amount of Rs. 67,691 Crores to Haryana.

Because of the tireless efforts of the Khattar Government, the sex ratio in Haryana has improved. In the golden jubilee year of the State, BJP Government has given the gift of Kerosen free Haryana to the citizens of the State. Corruption has been abolished in PDS by computerizing public distribution system.

For the first time since Independence, transparent recruitment has taken place in Haryana with zero corruption. Online transfer has also been implemented in the education department; approximately 35,000 people have been transferred online and about 91 percent of the people got their favorite place in posting.

It is our responsibility that we run a government in Haryana which will not be a government of any family, caste or person, but a government which works for everyone. Today under the leadership of Shri Manohar Lal Khattar, for the first time since independence, a government in Haryana is working for all.

In the Pandit Deendayal Upadhyaya birth centenary year, we aim to build Bharatiya Janata Party as a party which is unbeatable and for this every booth will have to become a stronghold of the BJP.

When you go to the market, you buy any item after a lot of consideration. Similarly before handing over the reins of such a huge country to any Party, review the internal democracy, ideology and the working methodology of that Party must take place.

Expanding the organization of the Party in every part of the country will be our real tribute to the party and the Karmayogi Pandit Deendayal Upadhyay Ji, who has served the country like Dadhichi.
